Priority Strategic Goal for the Period 2009 to 2011 This is a 'rolling' plan. Each year's strategic goal/s is confirmed at the beginning of the year. Strategic goals for subsequent years are tentative pending 'opportunity' adjustments and confirmations at the commencement of the year. Appropriate forms of documentation for each goal are provided in Annual Plans			

Goal 2009 – 2011

To review the curriculum throughout the school over three years with the goal of improving pupil's achievement.

2010 Student Achievement	To improve the exposure to the arts by pupils To learn about learning, thinking about thinking
2010 Performance	To support teachers in teaching the Arts at all school levels
2010 Resources	Provide training of teachers and support staff in relevant programmes and purchasing of resources to support programmes
2010 Target	To improve the year 3-8 pupils abilities in mathematics by closely analysing PAT test results looking for patterns of strengths and weaknesses, undertaking in school professional development using the school's management unit to lead this, retesting pupils again in November and research the correlation between reading and mathematical abilities. Improve the reading level of our Maori pupils identified in STAR reading test results.

Area	Aims	Objectives
Curriculum Content	To give children, within the National Guidelines, the opportunities to learn and progress to the best of their abilities by presenting programmes and activities that are motivating, relevant to their interests, and suited to their individual achievement levels.	Each year the Principal/staff and parents will develop, revise or confirm aspects of the school's curriculum plan in collaboration with the Board. The plan will include specific objectives relating to the content of the curriculum.
Student Progress and Achievement	To monitor, assess, record and report on children's progress and achievements in ways, which accurately reveal their learning, needs, recognise their achievements, and encourage on-going progress.	The school's assessment plan will identify the key purposes, principles and practices for assessing, recording and reporting on children's progress and achievement
Curriculum Delivery	To provide children with a well rounded curriculum that recognises and supports pupils individual needs and talents.	Each year the Principal and staff will develop, revise or confirm aspects of the school's curriculum plan in collaboration with the Board. The plan will include specific objectives relating to the delivery of the curriculum.
Self-Review	To regularly self-review the school's performance so as to monitor standards and vitalise future direction and progress.	The Board with the Principal and staff will develop and operate a strategic plan for the management of its operational objectives and development goals. The Board will have a timetable for the ongoing review of its policies and plans.
Personnel	To be a good employer.	The Board will prepare policies and plans to appoint quality staff, so that the school can supply education in accordance with the intentions of this charter. The Board is committed to being a good employer. It will support staff development and operate a fair and effective performance management programme
Finance	To use funds to the full advantage of the Schools aims and priorities for children's education and their learning.	The Board will prepare an annual budget to fund the school's curriculum, personnel, property and administration activities. The Board will monitor and control income and expenditure throughout the year, and ensure the preparation, audit and publication of annual accounts.
Property & Resources	To continually update and upgrade teaching and learning resources. To maintain and develop the School's buildings and facilities to ensure a safe, healthy and well presented environment.	The Board will comply with the conditions of any current asset management agreement as a good steward of the State's and community's assets and prepare and implement a plan of property maintenance and development, including provision for safety and hygiene.
Community Partnership	Encourage appropriate community participation in the life of the school and to inform the community about the school's activities on a regular basis.	The Board will promote parent/community communication and involvement.

This plan sets out performance targets for each of the goals identified in the school's 3 year Strategic Plan. These goals are based on analysis of priority needs in our school. At the conclusion of the planning year results will be reported against each target. School Management is responsible for developing, implementing and monitoring programmes and procedures directed towards achieving the targets. The Board does not require that those programmes and procedures be stated in this plan, but expects to be kept informed of such actions as the year progresses. The Education Standards Act (2001) stipulates three areas for goals and targets: student achievement, school performance, use of resources.

In accordance with Section 63 of the Education Standards Act (2001), the Warrington School Board of Trustees undertakes to take all reasonable steps (not inconsistent with any enactment, or the general law of New Zealand) to ensure that (a) the school is managed, organised, conducted, and administered for the purposes set out or deemed to be contained in this charter; and (b) the school, and its students and community, achieve the aims and objectives set out in the school charter. This charter has been approved by the Board following consultation with the community and consideration of obligations set down by the National Education Guidelines.

The Board of Trustees reviewed this Charter as its undertaking to the Minister of Education on April 1st 2010
