

To the Board of Trustees
Warrington School

Dear friends,

Blueskin Bay FM is pleased to support the Board's project to improve the grounds of Warrington School. We believe the project will benefit the wider community.

Warrington School is more than just a school. It is becoming the social and cultural centre of Warrington.

Our radio station has benefited greatly from being able to use the school facilities and we trust that the school benefits from our presence there.

We would be glad if other community groups and sports teams could gain the same benefits of improved school facilities that we have been able to enjoy.

Blueskin Bay FM is pleased to present the enclosed cash donation in support of this proposal.

Peter Dowden
Station Manager
