## Instructions to Authors

The original typewritten manuscripts plus two copies must be submitted to the Editor: Professor N. Duncan, Institute for Social & Health Sciences, University of South Africa. P.O.Box 1087, Lenasia, 1820. E-mail: [sajp@unisa.ac.za](mailto:sajp@unisa.ac.za).

The manuscript must be accompanied by a letter stating that the paper has not been previously published, is the author(s) own original work and all listed authors must sign the letter to indicate their agreement with the submission. The manuscript should be typed in a 12 point font, double spacing with generous margins, on one side of the paper only. The first page should contain the title of the paper, the author(s) name(s) and address(es), and the name and address of the author to whom correspondence should be addressed. The abstract should be on a separate page. The text of the paper should be started on a new page. Tables and figures should be numbered consecutively and submitted on separate A4 pages attached to the manuscript. The appropriate positions in the text should be indicated. Once the article has been accepted for publication, a computer diskette must also be submitted. ASCII is the preferred text format. The diskette should be clearly marked.

The format of articles should conform to the requirements of the South African Journal of Psychology: Guide to Authors, which is based on the Publication Manual of the American Psychological Association. The SAJP Guide can be obtained from the office of the Psychological Society of South Africa at a cost of R35.00, including VAT and postage.

**Illustrations and figures:** These should be prepared on A4 sheets. One set of original illustrations and figures on good quality drawing paper, or glossy photoprints and three sets of copies, should accompany the submission. The figures should be clearly labelled on the back. Authors are requested to pay particular attention to the proportions of figures so they can be accommodated in single (82mm) or double (170mm) columns after reduction, without wasting space. Figures should be numbered consecutively in Arabic numerals (Figure 1, Figure 2), and descriptive captions listed on a separate sheet of A4 paper. Graphs should be fully inscribed, and points should be indicated with standard symbols. All illustrations and figures should be grouped together at the end of the manuscript, and their appropriate positions in the text should be indicated.

It is strongly recommended that all manuscripts be carefully edited by a language specialist before submission. A note that the manuscript had been language edited should accompany the manuscript on submission.
