

Think of the Pinehill Way

Think of the Pinehill Way
It's how we work and play,
It's a great place to be.
And when we come to school,
Learning can be so cool,
Fun for you and for me.

And our school,
It is a friendly place,
And our school,
It is a sharing place,
For you and me
You just wait and see.

It's now another term,
And we are here to learn,
Put your thinking hats on.
There is so much to know,
we will learn and grow,
Try and you won't go wrong.

And our school, **(and our school)**
It is a friendly place,
And our school, **(and our school)**
It is a sharing place,
For you **(for you)**
And me **(and me)**
You just wait and see.....
wait and see.

Take a good look around,
And if your friend is down,
Take a little time to care.
Rakino, Motuihe
Kawau and Waiheke
Take a little time to share.

And our school, **(and our school)**
It is a friendly place,
And our school, **(and our school)**
It is a sharing place,
For you **(for you)**
And me **(and me)**
You just wait and see ...Repeat Chorus.....

Take a little time to care
Do things the Pinehill Way
Take a little time to share
XX THIS IS A GREAT PLACE TO BE!!!
