Australian Flexible Learning Framework

supporting e-learning opportunities

WHY

Why do you want to use an online delivery strategy?
What is the size of the market/
how much more business can you attract by taking this path?
ROI – Will the time/costs required to develop and implement this strategy return equal or higher revenue? How do you know?

STUDENT EXPERIENCE

How will you know whether your students are/have been happy with their learning experience? How will you gather details from them as to possible improvements?

How will you address issues relating to dissatisfaction?

ONLINE SKILLS & KNOWLEDGE

Do you have skills in
e-facilitation using a learning
management system or know
where to acquire these skills?
Do you understand how to design
appropriate online learning
materials or have access to
those who do?

INFORMATION & INSTRUCTIONS

What information will your students need to get started? What instructions will your students need to progress through their course? Where should your students go for further information/assistance?

LEARNING RESOURCES

What learning resources
do you have currently
available?
Are these suitable for the
online environment already,
or will they need rework?
What is the sequencing of
the content?

Planning to try e-learning for teaching?

What you should consider....

REVIEW & IMPROVEMENT

When will you review your course?
How will you make decisions on what needs to be improved?
What information will you need to make these decisions?

MONITORING PROGRESS

How will you monitor progress of each student?
How will you address progression issues?
How will you ensure every student is progressing satisfactorily?

COMMUNICATION

How will you build your relationship with your student?
Do you need to include communication strategies and opportunities for reflection between student group members? If so, how?

ASSESSMENTS

What assessments do you currently have available?
Are these suitable for the online environment or will they need rework?

What other information do you need to provide students re assessment processes & requirements?

ACTIVITIES

What activities do you have to help your students explore the content and test their learning? How do you intend to engage your learners and maintain their interest?
