The Ministry of Education of the Republic of Trinidad & Tobago's website contains information on the revised national curriculum **for Forms 1 to 3** for the above-mentioned subject areas. (http://www.moe.gov.tt/curriculum_process.html). Participants are reminded that team teaching is at the core of successful implementation of the LILC. Therefore, lesson plans ought to be done in conjunction with a subject area teacher and in alignment to the topics outlined in the curricula for the different subjects.
